

## SUN-SHADOW MANDALA CHART

	Sun Symbol Column I	Column II	Column III	Shadow Symbol Column IV
	Most Like:	Adjective Describing Column I::	Opposite of Word in Column II:	Most Like Column III:
<b>ANIMAL</b>				
<b>PLANT</b>				
<b>COLOR</b>				
<b>GEM &amp; MINERAL</b>				
<b>ELEMENT:</b> Earth Air Fire Water				

## ANIMALS

polar bear      monkey bear      snake      fox      camel      deer      lion      tiger      cheetah      bobcat  
mountain lion      dog      cat      mouse      rat      wolf      pig      cow      mule      goose      donkey      rhino  
hippo      giraffe      porcupine      skunk      rhino      opossum      groundhog      mole      gopher  
zebra      kangaroo      sea lion      elephant      walrus      moose      beaver      jaguar      panda      koala  
coyote      sheep      goat      ram      armadillo      anteater      ferret      hamster      oxen      bull      sloth  
            anteater      guinea      pig      gorilla      lemur      buffalo      dolphin      whale      squirrel      horse

## BIRDS

falcon      vulture      penguin      toucan      parakeet      flamingo      cockatoo      blue jay      seagull      robin  
            mockingbird      peacock      turkey      chicken/rooster      nightingale      woodpecker      parrot      hawk  
eagle      pigeon      bat      owl      cardinal      oriole      crow      duck      swan      geese      pelican      crane      dove  
            swallow      hummingbird      swallow      finch      dodo      stork      egret      heron      raven  
blackbird      sandpiper      kiwi      ostrich

## FISH

swordfish      trout      salmon      goldfish      blow fish      cat fish      flounder      barracuda  
            sardine      tuna      eel      red snapper      piranha      hammerhead shark      bluegill      sturgeon  
trigger fish      sting ray      shark

## REPTILES AND AMPHIBIANS

salamander      snake      turtle      alligator      crocodile      lizard      frog      toad      newt      skink  
            monitor lizard      gila monster      boa constrictor      pit viper      garter snake      chameleon

## INSECTS

cockroach      mosquito      lady bug      bee      ant      spider      wasp      cricket      butterfly  
            caterpillar      beetle      centipede      moth      black widow      tarantula      fly  
grasshopper      June bug      flea      sow bug      scorpion

## PLANTS AND TREES

rose bush      redwood      lemon      apple      orange      sunflower      maple      cactus      pine      oak  
            palm      seaweed      daisy      orchid      dandelion      pear      raspberry      willow  
weeds      sequoia      fern      poison oak      ice plant      mango      Venus fly trap      cherry      bonsai  
            nuts      cotton      ivy      poppy      lily      pansy      many vegetables      sweet pea      sugar cane  
fig      cypress      jasmine      grass      bamboo      petunia      iris      manzanita  
lupine      eucalyptus

## COLORS

orange      red      blue      green      indigo      violet      black      brown      chartreuse      olive      turquoise  
            lime green      mauve      maroon      pink      beige      silver      gold      rust      bronze      gray      sage  
purple      brick red      navy      royal blue      baby blue      burgundy      pine green      copper  
            stone      yellow      mustard

## GEMS/MINERALS

diamond      ruby      emerald      sapphire      opal      amber      topaz      garnet      amethyst      pearl  
            talc      coal      granite      limestone      jade      onyx      marble      gold      silver      copper      crystal  
quartz      zinc      bronze      nickel      obsidian      cubic zirconia      iron ore      mercury      geode  
            turquoise      sandstone      pyrite      rock salt      aquamarine      cobalt      aluminum

## NATURAL ELEMENTS

**EARTH:** valley      canyon      volcano      island      continent      cave      soil      earthquake      desert      rock  
            peninsula      aftershock      mountain      beach      crater      butte  
**FIRE:** match flame      candle flame      camp fire      oil fire      fire storm      forest fire      house  
            fire      brush fire      lava  
**AIR:** wind      hurricane      breeze      oxygen      tornado      gust  
**WATER:** pond      lake      ocean      river      creek      stream      water fall      rain      mist      snow      ice  
            glacier      typhoon      blizzard      rain storm      hail      flood      sleet      tidal wave
